

# Sharon Springs Operational Notice

Due to the tornado in Sharon Springs late Friday night, April 22, we will be temporarily adjusting operations. This current plan depends on if power is restored by Monday, April 25, and will be in place until further notice. If we need to make adjustments, we will notify you as soon as possible. Our team is working diligently to keep business disruptions to a minimum. We thank you for your patience and cooperation. Our first priority is always the safety of our employees, customers, and community, and we are thankful that no one was injured and we are part of such a supportive small-town community.

---

**Main office:** The Sharon Springs dry fertilizer plant will serve as the temporary main office. *The phone number for the office is now 785-852-4382.*

**Grain sales and feed mill business:** All grain sales, along with feed operations and invoicing, will take place from the Sharon Springs fertilizer plant. *Please contact us at 785-852-4382.*

**Accounts payable:** The accounts payable staff will be transferred to the *Weskan location and can be reached at 785-943-5422.*

**Inbound Grain:** All inbound trucks will need to scale and probe at the *west elevator* until further notice. We are in the process of getting a temporary office brought to Sharon Springs. Once that arrives, we will need to reroute power to get the main probe and scale back up and running.

---

We will keep you updated as changes arise. Again, we thank you for your patience and cooperation during this time.
